5895 CAZADERO HIGHWAY CAZADERO, CA 95421

MINUTES

I. Discussions

- James Dunton and Robert Sherod discussed recent projects completed in the system. Continuous disinfection system is complete at the Buckeye tank, and work to complete this process at the Hotel tank will commence.
- UV disinfection has been installed at the Cazadero General Store as well as at Raymond's Bakery. There was discussion if it should be implemented at the Baptist Camp as well. RRU will discuss this with the system's regulator and proceed accordingly.
- Availability of bottled water for 9 residents on Bei Road was discussed and explained. Due to lack of treatment at the source feeding these 9 residents, the State has required that bottled water be supplied to these homes.

II. Next Public Meeting Date and Time – October 2024, date to be determined.
